How to have a successful group class experience:

- Wear comfortable clothes and appropriate footwear. Please refrain from wearing perfumes or heavily scented lotions.
- Please limit personal conversations during class and refrain from using cell phones in the studios.
- Bring a water bottle and towel (required for cycle classes).
- Arrive early so you have time to set up equipment and speak with the instructor if you have any questions.
- The warm-up is essential to your safety. Do not enter a class more than 10 minutes after the listed start time.
- Choose impact and choreography options that feel right to you. Listen to your body and do what is comfortable.
- Cool-down and stretching are important components to a group class and your safety. Please do not leave class early.

CLASS DESCRIPTIONS AND LEVELS

Class levels for Yoga and Mat Pilates:

Essentials: Ideal for those new to the exercise method. Learn correct positioning, posture/exercise names and proper breathing.

Level I: Ideal for the more advanced beginner to intermediate. This class level refines your basics and introduces you to more difficult postures or exercises.

Level II: Ideal for the intermediate to advanced participant. At this level, participants should have the strength needed to correctly perform intermediate postures and exercises. Transitions between exercises tend to be faster.

Multi Level: Ideal for the advanced beginner (has attended enough classes to know the basics) through intermediate/advanced level. Options will be introduced to address all levels.

Class Name	Class Description
adaptABLE Movement	Designed to meet the participant where they are to help gain flexibility, range of motion, strength and balance by using simple movements borrowed from yoga and other formats. This class is perfect for those just starting out with exercise or have arthritis, movement disorders, or recovering from injury or stroke.
Arthritis H ₂ O	These gentle exercise classes are designed to strengthen and tone muscles key to daily activities and to increase/maintain joint flexibility and range of motion. Classes are held in a 90 degree warm water pool.
Aqua Strength	Participants use the unique properties of water to strengthen the entire body. Styrofoam dumbbells are used.
Aquatic Moves	Low-impact and suitable for all fitness levels. Instructors add their individual style and flair to each workout, which consists of cardio, strength and core movements. Buoys and drag equipment may be used.
Aqua Yoga	Take yoga to the warm water. Relax, stretch and strengthen for a true mind-body aquatic experience.
Aqua Yogilates	Focus on your mind/body connection while adding increased flexibility and extra strength training to target your core muscles.
Ashtanga Ashtanga Mix	A series of linked postures that create a flowing class with deep breathing. Ashtanga Mix is a modified practice of the primary series of Ashtanga yoga. A precise interlinking of power yoga postures creating continuous flow of movement and deep breathing.
Ageless Grace®	A fitness and wellness program based on 21 tools designed for all ages and abilities. Each of the 21 tools focus on anti-aging techniques (i.e. joint mobility, spinal flexibility, right/left brain coordination, balance and more). These movement exercises are natural and come with ease. This class is chair-based.
Balance	A range of exercises and movements that improve balance and core strength, and reduce the fear of falling.
Ballroom Boogie	A fun cardio class that gets its base movements from ballroom dances, such as the Waltz, Foxtrot and Swing. Learn the rhythm and steps to each style while moving to great music. The class also includes intervals of strength. No experience needed. No partner needed.
Barre	Ballet inspired workout that uses intensive isometric movements to sculpt and firm your body. An aquatic version is also offered.
BODYATTACK™	A sports-inspired cardio workout from Les Mills for building strength and stamina using interval training with athletic movements and strength and stabilization exercises.
BODYCOMBAT™	The high-energy, martial arts-inspired, non-contact workout from Les Mills. Punch, kick and strike your way to fitness. No equipment or experience required.
BODYFLOW™	The yoga-based Les Mills class that will improve flexibility and strength while leaving you feeling calm and centered.
