

Locker Room Renovations at Alb. Square FAQs

Q: Why are you renovating the locker rooms?

A: Since opening Albemarle Square in 1998, we have invested over \$5 million dollars in facility and equipment upgrades. We continually update our facility and the locker rooms no longer meet our high standards for quality.

Q: Will the renovations cause my membership dues to increase?

A: We do not raise membership dues as a result of renovation projects. Membership dues are evaluated each year, but reinvestments that we make at our clubs do not determine membership dues.

Q: How long will the renovation last?

A: The project is anticipated to take 14-16 weeks.

Q: Will there be showers available during the renovation?

A: Our assisted change area will not be renovated at the same time as the main locker rooms. The showers in assisted change will remain open during renovations. Please remember that we also have three other locations with full locker room facilities: Crozet, Downtown, and Pantops. Pantops and Crozet are also locations with 24-hour access.

Q: Will I have access to toilets during the renovation?

A: The toilet areas in the locker rooms will remain open during the renovations with the exception of a couple weeks towards the end of the project. During the entire project, including those couple weeks when the toilet areas are being renovated, the assisted change bathrooms near the Aquatics Center will remain open.

Q: Can I put my membership on hold during the renovation?

A: Yes, you may freeze your membership during the renovations. However, if you freeze your membership, you will not have access to any of our other facilities (Downtown, Crozet, Pantops, and Adventure Central) during that time. Your membership becomes inactive when it is frozen.

Q: How will you keep me updated on the renovation progress?

A: We will regularly update you via email, social media, and in-club communications. We also have a TV in the lobby that will provide regular updates about the renovations. Sign up for our weekly newsletter: acac.com/newsletter.

Q: How will we change in and out of our swim wear?

A; We are temporarily converting the large storage area in the Aquatics Center into a “his and hers” dry changing room. We will also provide an open deck shower so members can rinse off before and after getting in the pool.

Q: Will there be any lockers available other than the small day lockers near the front desk?

A: Yes. We plan to temporarily relocate some of the old lockers from the locker room to the Aquatics Center. The number of these lockers will be limited and you won't be able to leave things in them overnight.

Q: When do lockers need to be cleaned out?

A: Men's lockers must be emptied out no later than the close of business on **Saturday, September 22.**

Women's lockers must be emptied out no later than the close of business on **Saturday, September 29.**

We will remove any items from lockers that are not cleaned out by the above date.

Q: What do I do with my with my lock if I'm renting a locker?

A: You can turn your lock and key to the Member Services Desk or a Membership Team Member.

Q: If I currently rent a locker, will I be guaranteed a new locker when the renovations are complete?

A: Yes. You will automatically be assigned a new locker when the renovations are complete. You will need to contact Membership if you want to cancel your locker rental.
