

How to have a successful group class experience:

- Wear comfortable clothes and appropriate footwear. Please refrain from wearing perfumes or heavily scented lotions.
- Please limit personal conversations during class and refrain from using cell phones in the studios.
- Bring a water bottle and towel (required for cycle classes).
- Arrive early so you have time to set up equipment and speak with the instructor if you have any questions.
- The warm-up is essential to your safety. Do not enter a class more than 10 minutes after the listed start time.
- Choose impact and choreography options that feel right to you. Listen to your body and do what is comfortable.
- Cool-down and stretching are important components to a group class and your safety. Please do not leave class early.

CLASS DESCRIPTIONS AND LEVELS

Class levels for Yoga and Mat Pilates:

Essentials: Ideal for those new to the exercise method. Learn correct positioning, posture/exercise names and proper breathing.

Level I: Ideal for the more advanced beginner to intermediate. This class level refines your basics and introduces you to more difficult postures or exercises.

Level II: Ideal for the intermediate to advanced participant. At this level, participants should have the strength needed to correctly perform intermediate postures and exercises. Transitions between exercises tend to be faster.

Multi Level: Ideal for the advanced beginner (has attended enough classes to know the basics) through intermediate/advanced level. Options will be introduced to address all levels.

Class Name	Class Description
Ai Chi	This silent water class will increase flexibility and range of motion while decreasing stress and anxiety. Unlike other water classes, no music or verbal instructions are used.
Aqua Fit	A low impact, high-intensity cardiovascular, strength, core and flexibility workout that is appropriate for all fitness levels. Instructors add their individual style and flair.
Aqua Fit Deep	Cardiovascular conditioning, combined with core and total body resistance training for a whole body workout with little to no impact on your joints. Flotation belts are used.
Arthritis H ₂ O	These gentle exercise classes are designed to strengthen and tone muscles key to daily activities and to increase/maintain joint flexibility and range of motion. Classes are held in a 90 degree warm water pool.
Aqua Strength	Use the unique properties of water and resistance equipment to strengthen and tone your entire body.
Aqua Yoga	Traditional yoga techniques in the warm water pool to gently develop flexibility, strength and balance.
Aqua Zen	Focus on your mind/body connection while adding increased flexibility and extra strength training to target your core muscles.
Athletic H ₂ O	Take your athletic conditioning class to the water! Participants should be ready for anything from circuits to intervals to using various types of equipment.
Ageless Grace®	A cutting-edge brain fitness program based on neuroplasticity that activates all 5 functions of the brain. The exercises are systemic and done in a chair in order to activate the core and challenge the brain. This program addresses all 21 physical skills needed for lifelong optimal function.
Athletic Conditioning	Take your fitness to the next level with this challenging cardio and strength workout with music and coaching to inspire you to work your hardest.
Balance	A range of exercises and movements that improve balance and core strength, and reduce the fear of falling.
Ballroom Boogie	A fun cardio class that gets its base movements from ballroom dances, such as the Waltz, Foxtrot and Swing. Learn the rhythm and steps to each style while moving to great music. The class also includes intervals of strength. No experience needed. No partner needed.
